RE: Inclement Weather Event

As a reminder all Sworn Personnel are considered Essential Personnel. It is imperative that you arrive for your scheduled shift even in the event of inclement weather.

Sworn Personnel not scheduled to work may be called-in to supplement the operations of the VBSO if necessary.

It is advised that those reporting for duty pack a cooler with additional food and snacks in the event that you are required to stay beyond your typically scheduled shift.

If you have any additional questions or concerns, please speak with your supervisor.
