Virginia Beach Sheriff's Office Point Prevalence Survey (PPS) test results

At the recommendation of the Virginia Department of Health (VDH) and out of an abundance of caution, the Virginia Beach Sheriff's Office has been conducting regular COVID-19 point prevalence studies (PPS) with the VDH and Virginia National Guard. Each PPS (or mass testing) involved testing all deputies, civilian staff, contractors and inmates, with the exception of inmates who refused and staff who were exempt for specific reasons.

The test results for each test are as follows:
